INDEX TO VOLUME XVIII.

*Illustrated articles. The weekly Departments are not indexed.

BOOK REVIEWS.

Boiler Tests, by George H. Barrus ... 2
The Arithmetic of Electricity, by T. O'Conor Sloane ... 2
Electricity and Its Recent Applications, by Edward Trevert ... 2
Primary Batteries, by H. S. Carhart ... 74
The Electrician Primers ... 106
Electric Transmission Handbook, by F. D. Badt ... 106
Telephones: Their Construction and Fitting, by F. C. Allsop ... 106
Chapters on Electricity, by Samuel Sheldon ... 106
Dynamo Construction, by J. W. Urquhart ... 140
Electricity and Magnetism, by Amédé Guillemin ... 300
A Practical Guide to the Testing of Wires and Cables, by Herbert Laws Webb ... 362
Electricity for Engineers, by Chas. Desmond ... 362
The Electromagnet, by S. P. Thompson ... 380

THE TELEPHONE.

Bell telephones for export ... 292
*Berliner patent ... 396
*Collier audible telephone ... 47
Efficiency of telephone service, Rules for increasing, by Geo. S. Maxwell ... 18
*London and Paris telephone, by W. H. Preece 257
Microphone transmitter, Invention of the, by Emile Berliner ... 397
New England Telephone and Telegraph Company, New quarters of ... 75
*Telephone and switchboard combined ... 185
Telephone cables, Note on some lately manufactured, by F. A. C. Perrine ... 95, 122
Telephone cables, Note on some lately manufactured, by Herbert Laws Webb ... 106, 157
Telephone in Madrid ... 303
Telephone service in Boston ... 63
*Telephone sets for export ... 355
*Telephones and magneto bells, Howard's improved ... 260

THE TELEGRAPH.

Bug on the quad, A ... 455
Cable testing, Electrical, by Henry W. Fisher, 6, 30, 45
Capacity of telegraph wires and cables, by J. E. Taylor ... 149
Government control of telegraphs, by A. R. Foote ... 455
Government telegraphs, by E. Rosewater ... 436
Early reading of telegraph messages by sound, by "An Old Timer" ... 11
International telegraph statistics ... 419
Old time telegraphers; report of the annual reunion ... 142
Pacific cable, Proposed ... 49
Submarine cable, Story of a strange fault in ... 157
Telegraphic apparatus, Practical efficiency of. 255
Ticker war on the New York Stock Exchange. 455
*Western Union's new operating room ... 370

ELECTRIC LIGHTING.

Agriculture, Electric light in ... 267
Carbons used in arc lighting, Different forms of, by E. P. Warner ... 221
Care and management of an arc light system, Some details of, by J. I. A. Ayer ... 317
Central station accounts, Uniformity in methods of keeping, by J. J. Burleigh ... 210
Central station combining the advantages of both the continuous and alternating systems, by H. Ward Leonard ... 206
*Central station of the City of Trent, by F. C. Perkins ... 364
Central station, New type of ... 384
Central stations operated by water power, by Geo. A. Redman ... 204
*Combined arc and incandescent plant ... 468
Economy in the working of electric light and power stations, by Leonard Paget ... 62, 248
Edison lamp decision and its results, by Wm. Zimmerman ... 110
Efficiency of various sources of light ... 115
*Electric fixtures for exterior illumination 416, 430
*Electric installation on the S. S. La Touraine. 107
Electric light in a gravel pit ... 49
Electric light plant on the S. S. Normannia, by Carl Hering ... 74
Electric lighting in coal mines ... 292
*Electric lighting in the Notre Dame Cathedral, Montreal ... 123
Electric search lights, by "A Naval Officer" ... 380
*Fruit basket, Illuminated ... 446
Gas engines and electric light installations ... 132
*Halifax, N. S., Electric lighting in ... 184
Hamilton, Ont., Electric lighting at ... 180
Havana electric light station ... 412
*Hyde Park, Ill., electric light plant ... 95
*Illuminated campaign banner ... 421
*Isolated plant in Brooklyn ... 41
Incandescent lamp industry in France ... 109
*Incandescent lamps, Novelties in (Somoff's) ... 294
*Incandescent lighting, Progress in the art of modern, by Dr. L. K. Böhm ... 175
*Isolated electric light plant in the Windsor Hotel, Montreal ... 141
*Isolated plant in Troy, N. Y. ... 59
London, Electric lighting in ... 10
Madison Square Garden, Illumination of, by M. J. Sullivan ... 363

ELECTRIC RAILWAYS AND RAILWAY APPARATUS.

Accumulator cars at the Hague ... 385
*City and South London underground electric railroad, by Carl Hering ... 301
Central London railway, by Carl Hering ... 58
*Concord, N. H., electric street railway ... 273
*Conduit, Electric railway (Love's) ... 9
Cost of electric traction ... 63, 81, 162, 318
Dependent system of electric motive power, by Geo. W. Mansfield ... 325
*Double deck electric car, Pullman's ... 300, 332
*Dubuque, Ia., storage battery street railway, by Fred De Land ... 61
Early electric railway, Additional facts concerning Major Bessolo's, by A. M. Tanner ... 453
Edison's new electric railway ... 321
Edison's new electric railway, What other electricians think of, by Elihu Thomson, Sidney H. Short and O. T. Crosby ... 342
*Eickemeyer gearless motor ... 381
*Electric cars in city streets, Speed of, by Chas. Hewitt ... 447
Electric lines in Galveston ... 431
Electric railroading in the current year, Review of ... 300
Electric railroad construction and operation, by C. J. Field ... 215
Electric railroads at the Frankfort Exhibition, by Carl Hering ... 304
Electric railways in the South ... 413
Electricity the most economical power for street railways, by J. S. Badger ... 335
Escanaba, Mich., Electric road at ... 255
*Fender for electric cars ... 405
*Freight locomotive, Thomson-Houston electric 419
Gearless motors at the Pittsburgh Convention 322
Gordon electric car, Trial of ... 110
Independent system of electric motive power, by Knight Neftel ... 327
*Lincoln, Neb., Street railway work in ... 49
*Line construction for city and suburban service, Lieb's ... 159
Lyons electric tramways ... 141
*Magnetic Field in the neighborhood of the South London Electric Railway, by W. E. Ayrton and Prof. Rücker ... 292
McDougall car, Trial of ... 147
*Mill tramway (Thomson-Houston) ... 11, 185
Paris underground railway ... 453
Patton electric car, Test of at Pullman, Ill. ... 74
Perfect street railway motor, A, by H. A. Everett ... 324
*Power station of the West End Street Railway in Boston ... 306
*Railway bracket and chair, Duggan's ... 163
Rapid transit between cities, Electric railroads for, by Carl Zipernowsky ... 269
Rapid transit in New York City ... 79
Rockford (Ill.) West End Railway ... 123
*Short gearless and single reduction motors ... 274
*Sioux City, Ia., River Side Park electric railway at ... 43
*Sissach-Gelterkinden electric street railway ... 347
*Snow plow, Eastern Electrical Supply Co.'s ... 309
*Span wire tightener, Electrical Supply Co.'s ... 310
*Speed governing in electric railway service ... 446
Standards in electric railway practice, by O. T. Crosby ... 328
Staten Island, Electric railroads for ... 150
Street railway mileage ... 227
Thomson-Houston tramway in England ... 288, 405
*Thomson-Houston water proof railway motor 322
Three years development of electric railways, by Capt. Eugene Griffin ... 211
*Track cleaner, McLain's ... 277
*Trolley clamp, Chicago ... 98
*Trolley, Duggan's ... 187
*Trolley insulators, Winton ... 310
*Trolley, Lieb's ... 82
*Trolley line hanger, Lieb's bracket ... 406
*Trolley line insulator, Creaghead ... 310
*Trolley wire hanger, Anderson's ... 186
*Trolley wire hanger, Lieb's ... 99
*Trolley wire hanger, T. J. McTighe's ... 82
*Trolley wire insulator ... 115
*Trolley wire pull off, Lieb's ... 115
*Truck, Fulton Foundry Co.'s ... 371
*Truck, Goss' new electric ... 109
*Truck, Peckham's new ... 308
*Truck, Tripp's loose wheel ... 438
West End Street Railway, Annual report of ... 388
Westinghouse motors for city traffic, by J. L. Barclay ... 340
World's Fair, Novel electric railway for ... 256

ELECTRIC MOTORS AND THE TRANSMISSION OF POWER.

*Carriage, A new electric ... 453
*Coffee mill operated by an electric motor ... 227
*Dental drill and motor, Combined ... 274
*Electric motors for driving light machinery ... 166
Electrical transmission of power from Niagara to Chicago ... 300
*Elevator, Frisbie electric ... 132
*Elevator, Otis electric ... 7
*Fan and motor combined (Huyett & Smith's) ... 406
*Fan motor, Holtzer-Cabot ... 67
*Generator for the transmission of power, Short ... 226
*Lauffen-Frankfort power transmission plant, Motor of, by Carl Hering ... 319, 343
Lauffen-Frankfort power transmission, Reasons for the use of the three-phase current in, by C. E. L. Brown and Carl Hering ... 346
*Motor, Columbia ... 454
*Motor-dynamo plant in Brooklyn (C. & C.) ... 132
*Motor, Hercules ... 67
*Motor operating at any speed or torque, and at maximum efficiency, by H. Ward Leonard ... 400
Motor, Small 500 volt ... 49
*Motors, Edison slow speed ... 34
Rotary current motors, Priority in, by A. du Bois-Reymond ... 74
Rotary field system, The inventor of the, and its present and future application, by Ludwig Gutmann ... 293
*Static motors, A group of ... 418
Transmission of power, History of the electric, by A. M. Tanner ... 236
Lauffen-Frankfort power transmission plant, by Carl Hering ... 126, 156, 194, 232, 249

DYNAMOS.

*Dynamo, Canada Electric Co.'s ... 98
*Dynamo machine, An early (Sturgeon's) ... 80
Dynamo motors, Small ... 284
*Dynamo, New C. & C. type of ... 349
*Dynamo, Perret, and Case engine combined ... 11
*Dynamo, Weed's model ... 389
*Generator and Westinghouse engine, Direct coupled ... 272
*Generator, Thomson-Houston 250,000 watt ... 82
*Railway generator, Short electric ... 165
*Westinghouse generator, A colossal ... 346
*Willson's electroplating dynamo ... 3

ALTERNATING-CURRENT PHENOMENA AND APPARATUS.

*Alternate current and potential difference analogies in the methods of measuring power, by W. E. Ayrton and W. E. Sumpner ... 131, 148
Alternate current motors, by E. Hospitalier ... 149
*Alternating current machines, Some curves from, by Warren B. Lewis ... 368
*Alternating current motor, Stanley's, by Wm. Stanley, Jr., and J. F. Kelly ... 266
Alternating current motors, Priority in ... 292
Alternating currents, Care and distribution of, by T. Carpenter Smith ... 204
*Alternator, Kennedy's new ... 452
*Electrolysis by means of the alternating current, by Dr. Guglielmo Mengarini ... 96, 113, 128
*Experiments with alternate currents of very high frequency, by Nikola Tesla ... 19
Periodic curves of alternating currents, Preliminary note on a method of determining, by Louis Duncan ... 362
*Polyphasal Generators, by M. I. Pupin ... 468
Regulation in alternate current work, by J. R. Cravath ... 380
*Transformer, Ferranti's sub station ... 240
*Transformers, Constant current, by Elihu Thomson ... 9
*Transmission of power by alternating currents, by M. von Dolivo Dobrowolsky ... 268

ELECTRICAL MEASUREMENT AND MEASURING APPARATUS.

*Ampère meter, Johnson deadbeat ... 98
*Battery gauge, Improved (Standard Electric Time Co.'s) ... 34
*Battery gauge in pocket form (J. H. Bunnell & Co.'s) ... 294
Capacity, self-induction and mutual induction measurements on overhead lines, by M. Massin ... 145
Electrical standards, Report of the Board of Trade Committee on ... 240
*Electrometers, Pocket ... 65
Galvanometer suspension, New method of ... 266
*Galvanometers, Compensating shunts for ... 468
*Galvanometers, Queen's portable ... 242
*Leakage and flow detector, Neu's ... 115
*Measuring instruments of The E. S. Greeley & Co ... 372
*Measurement of liquid resistances, by J. Swinburne ... 252
*Measurement of power developed by alternating currents in any circuit, by Carl Hering ... 467
Meter, Prof. Perry's electric supply ... 28
*Ohmmeters, Alternate current, by J. Swinburne ... 451
*Photometer, Queen's new laboratory ... 184
*Pressure indicator, Edison's ... 259
*Testing set, Queen's portable ... 227
Units and standards, Discussion of, at the American Institute of Electrical Engineers ... 405
Units and standards, Report of the American Institute Committee on ... 240
Units, C. G. S. system of ... 321
Voltameter, Silver, Use of the ... 114
*Wattmeter, Notes on an electrostatic, by Maurice Oudin ... 32
*Wattmeter, Swinburne's non-inductive ... 150
*Wheatstone's bridge, A modified form of, by R. A. Lehfeldt ... 65

MINING.

*Coal cutter, Thomson-Houston solenoid ... 166
Coal cutting by electricity in Ohio, by R. M. Haseltine ... 403
*Drill, Edison mining ... 49, 260
Electrical work in mines, Notes on, by Albion T. Snell ... 187, 273
*Electricity in mining ... 402, 414, 433, 448, 465
*Mining locomotive, Edison ... 12
*Mining locomotive, Terrapin back ... 371
*Mining plant in the Dalmatia Mine, Cal ... 91
*Mining pump, Edison's ... 67
*Mining pump, Goulds' portable ... 165
Mining, The electric motor in ... 370
Practical applications of electricity in coal mines, by E. B. Richart ... 419

METALS AND MATERIALS USED IN ELECTRICAL ENGINEERING.

*Aluminium, Commercial production of ... 99
Aluminium, New method of electroplating with ... 435
Aluminium vs. copper, by A. Saunders Morris. 362
Balata ... 94
Copper supplies of the world ... 286
*Electric welding at the Okonite Company's works ... 309
Electro deposition of zinc and aluminium ... 116
Electrolysis, New way of making chlorate of potash and tin by ... 64
Fatigue of metals ... 96
Gutta-percha, The supply of ... 445
India rubber in Madagascar ... 277
Insolubility of pure metals in acids ... 113
Japanese copper mines ... 302
Mica, Dielectric properties of, at high temperatures ... 63
Mica mine, Lake Girard ... 249
Phosphorus, Electrical manufacture of ... 29
Platinum and its alloys ... 362

BATTERIES.

*Accumulators at the Frankfort Exhibition, by Carl Hering ... 251, 385
Accumulators in commercial work, by J. Stanford Brown ... 420
*Battery, Imperial ... 355
*Battery, Nassau pocket medical ... 260
Batteries, Good and bad Leclanché ... 274
Chemistry of the secondary cell, Problems connected with the, by G. H. Robertson ... 8
*Primary Batteries, Railroad car lighted by ... 163
*Primary battery, MacMillan's ... 99
*Storage battery, Bradbury & Stone's ... 98
*Storage batteries in central stations, by F. C. Perkins ... 286

CUT-OUTS, SWITCHES, ETC., AND MISCELLANEOUS ELECTRICAL APPARATUS.

*Adjusting screws, Combination ... 372
*Annunciator, The Hub needle ... 294
*Bell and Buzzer (Arnold Elec. Mfg. Co.'s) ... 10
*Bell, Nassau ... 260
*Bell, Western Elec. Co.'s ... 12
*Brush-holder for motors and dynamos, Benton Automatic ... 311
*Burglar alarm push (Arnold Elec. Mfg. Co.) ... 10
*Ceiling rosette, Combination ... 185
*Clock, Self-winding (Standard Elec. Time Co.'s) ... 68
*Cord adjuster, "Q. & S." ... 438
*Cut-off device, Hall's electric ... 355
*Cut-out, Electrical Specialty Company's new arc light ... 454
*Cut-out, McCreary's pendent thermal ... 186
*Door hinge alarm, Bleakley's ... 68
*Door opener, Electric ... 389
*Electro-therapeutical outfit ... 164
*Gas lighter, Improved electric (Elec. Gas Lighting Co.'s) ... 82
*Gas lighter, New Era ... 438
*Insulating joint, Prior ... 98
*Insulation Piercer, Neu's ... 100
*Insulator, New security ... 421
*Insulator, Wightman glass ... 354
*Insulators, Pass & Seymour's ... 438
Lamp shade and holder, "C. S." combination ... 415
*Lamp socket, Lieb's ... 100
*Lamp stand, "C. S." portable ... 422
*Lightning arrester, Wurts-Winsor ... 48
*Lightning guard for electric light installations ... 453
*Lieb's electrical appliances ... 100
*Mast arm, Cliff ... 294
*Mast arm, Keystone ... 388
*Protector, "B. W. G." ... 34
Safety devices, by Forcé Bain ... 435
Safety devices, by C. E. Haskins ... 428
*Safety devices for electric wires ... 311
Safety devices in electrical work, by Charles Wirt ... 448
*Shade holder, Germania ... 186
*Shield for electric lights, Adjustable ... 422
*Socket, Imperial Electric Company's ... 355
*Socket, K. A. P. lamp ... 372
*Socket, New acid and waterproof (Bernstein) 294
*Switch and cut-out, Hunt Engineering Company's ... 389
*Switch, Cutter's incandescent ... 354
*Switch, Electrix china ... 422
*Switch, Hart's snap ... 227
*Switch, Hunt Engineering Co.'s double pole ... 226
*Switch, Rowland's reversing ... 99
*Switch, Soden's compound double pole ... 242
*Switch, Union Electric Co.'s double pole ... 335
*Switch, Weston quick break ... 310
*Switchboards, Fireproof ... 463
*Switches, Lang's ... 242
*Support for electric lights (R. Hollings & Co.) 388
*Time Stamp, Hoggson's ... 406
*Wire grip for line men, Cope's ... 166

SOCIETY AND ASSOCIATION MEETINGS.

American Association for the Advancement of Science; Report of the annual meeting ... 141
American Institute of Electrical Engineers, Action of, on the International Congress in 1893 ... 349
American Institute of Electrical Engineers, Report of delegates sent by, to the Frankfort Electrical Congress ... 380
American Street Railway Association, Announcement of the Pittsburgh meeting ... 255
American Street Railway Convention at Pittsburgh, Programme of ... 163
American Street Railway Association; Exhibitors at the Convention ... 293
*American Street Railway Association; Exhibits at the Pittsburgh Convention ... 353
American Street Railway Association, Proceedings of the Pittsburgh Convention in detail ... 323
American Street Railway Association; Synopsis of the proceedings of the Pittsburgh Convention ... 318
Association of Edison Illuminating Companies (Programme) ... 94
Association of Edison Illuminating Companies, Report of the New York meeting ... 127
British Association for the Advancement of Science; Presidential address to section A, by Dr. Oliver J. Lodge ... 290
British Association for the Advancement of Science, Proceedings of, by Dr. Oliver J. Lodge ... 258
Canadian Electrical Association, Formation of. 418
Chicago Electric Club, Meeting of the ... 320
Clam bake of the American Electrical Works ... 116
Frankfort Electrical Congress, by Carl Hering ... 232, 248
International Congress of Electricians in 1893, by H. S. Carhart ... 284
International Electrical Congress in 1893, by Elisha Gray ... 303
Magnetic Club dinner ... 415
National Electric Light Association, Announcement for the Montreal meeting ... 125
National Electric Light Convention; Closing incidents of our Canadian trip, by A. F. Mason ... 243
National Electric Light Association; Proceedings of the Montreal Convention in detail ... 197
National Electric Light Association; Programme of entertainments ... 107
National Electric Light Association; Synopsis of the Montreal Convention Proceedings ... 192
New York Electrical Society, Meeting of ... 318
Street Railway Association of the State of New York; Report of the annual meeting ... 237

ELECTRICAL EXHIBITIONS.

*Electrical exhibition at the Montreal convention 142, 161, 241
Electrical exhibition at St. Petersburg 371
*Frankfort electrical exhibition, Siemens & Halske exhibit, by Carl Hering 285
*Frankfort electrical exhibition; view in machinery hall 267
Frankfort electrical exhibition, by Carl Hering 106, 172, 192, 193, 234
Railroad conductors' fair 312
World's Fair, Electricity at the 163, 195
World's Fair, Electricity at, by J. A. Hornsby. 201
World's Fair, Notes from the electrical department of 322
World's Fair power plant 140
World's Fair, Report of Mr. Hornsby as European Commissioner of the electrical department 373
*World's Fair, Revised plan of the electricity building for the 307
World's Fair, Rules of the department of electricity 429

CONDUITS.

*Conduit connector, Cutter's 242
*Conduits, Needle for underground (Andrea's). 115
*Interior conduit, Vulca system of 243
*Threading rod for underground conduits 452
Underground circuits, Construction and maintenance of, by S. B. Fowler 180
Underground conduit system of the Minneapolis Street Railway Company 148
Underground system for Washington, D. C 371

LEGAL.

Decision in the Edison lamp patent case 55
Decision in the Edison lamp patent case, Opinions on 64
Opinion in the case of Western Electric Company vs. the Electrical Construction Company 387
Opinion of Judge Coxe, in the case of the Brush Electric Company vs. the Electrical Accumulator Company 83

MECHANICAL.

*Belting, Improved system of 454
*Blast furnace, Electrical 98
*Boiler, Gill water tube 421
*Boiler, Wood's water tube 310
*Comptometer, The 355
*Electric valve for steam heating systems 422
*Engine, Adams' rotary 166
*Engine, Ball Engine Company's cross compound 164
*Engine, Green's 157
*Engine, Harrisburg tandem compound 349
*Engine, Lake Erie Engineering Works 275
*Engine, New vertical compound (Ball & Wood) 10
*Engine, Pyle automatic 147
Engine, Rotary expansive (Brown's) 27
*Engine, Sioux City Corliss 406
*Engine, the Weston automatic 277
*Engine, Weston tandem compound 354
*Evans friction cones in a Clinton (Mass.) lighting plant 354
*Feed water heater and purifier, Radway's 67
*Feed water heater, Wainwright 115
*Furnace mouth protector, Lamphrey 354
*Gas engine, Rollason 161
*Gas engine, Sintz 421
*Hot blast apparatus, Smith's 311
*Indicator diagrams, A study of 40
*Press for cutting armature discs (Ferracute Machine Company's) 226
*Pulley clutch and cut-off coupling 186
*Pump, Eastwood duplex steam 311
*Pump, Triplex electric 242
*Self oiling bearing, Card Company's 150
*Soldernig furnace, An electrical 12
*Tank governor and pump, Curtis' combined .. 261

MISCELLANEOUS.

*Air gap and the shape of the poles, Relation of, to the performance of dynamo electric machinery, by Harris J. Ryan 252, 276
*Armature reactions, by Frank C. Wagner 129
Armatures with disabled coils, by J. W. Darley, Jr 266
*Atomic volume and tensile strength, by R. A. Fessenden 123
*Block signal system, Solution of the, by H. Ward Leonard 271
*Buffalo fire signal system, The 445
*Carbon filament in a transparent vacuum chamber used by Despretz, by A. M. Tanner. 65
Carbon resistances 166
*Central station roof, Typical 261
Christmas present, For a 452
